

Make and decorate a large emu

Stands at 1.26 metres tall!

Step 1. Print out the 8 sheets on A4 paper.

Step 2. Using tape, piece together the paper.
There are letter guides (A,B,C,D,E,F and G) to help match the sheets together.

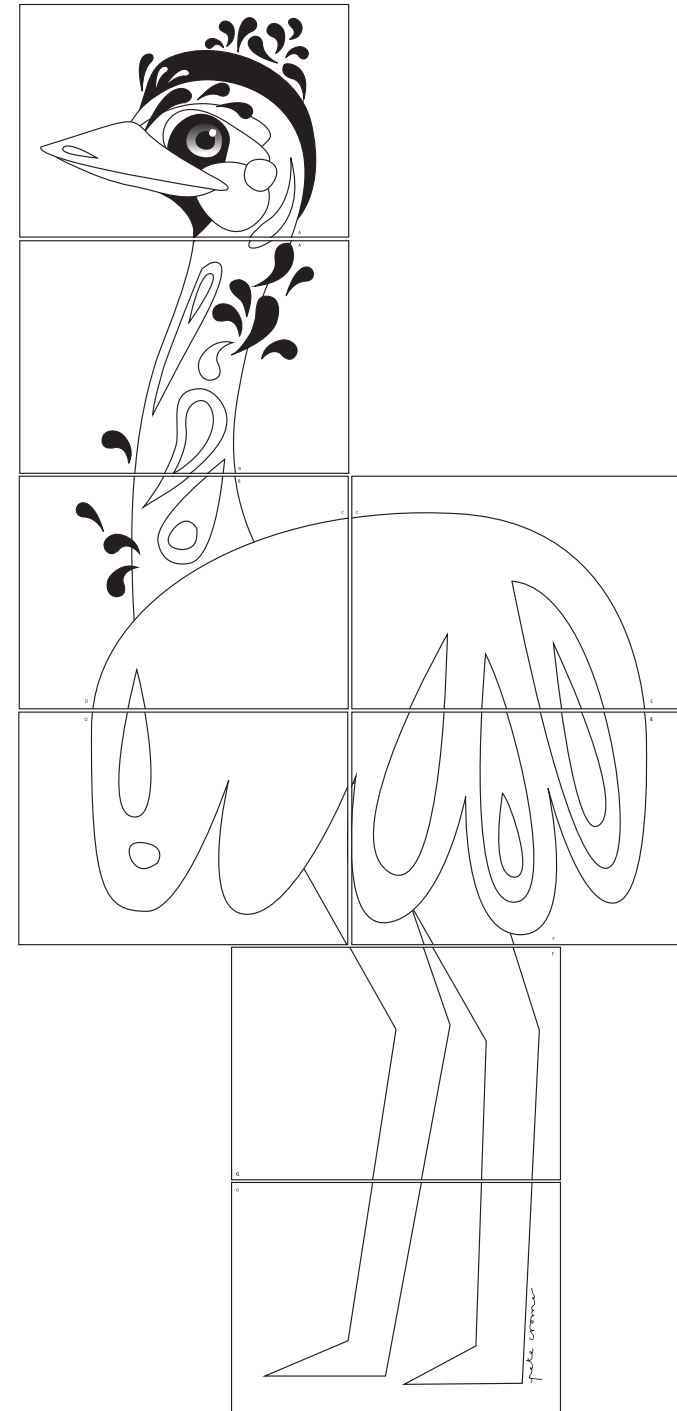

Note: some printers may not print to the edges of the paper, leaving some gaps when matching the sheets together.

Step 3. Once you have made your emu, you can then paint, colour-in, decorate and add your own artistic touches to it. Have fun!

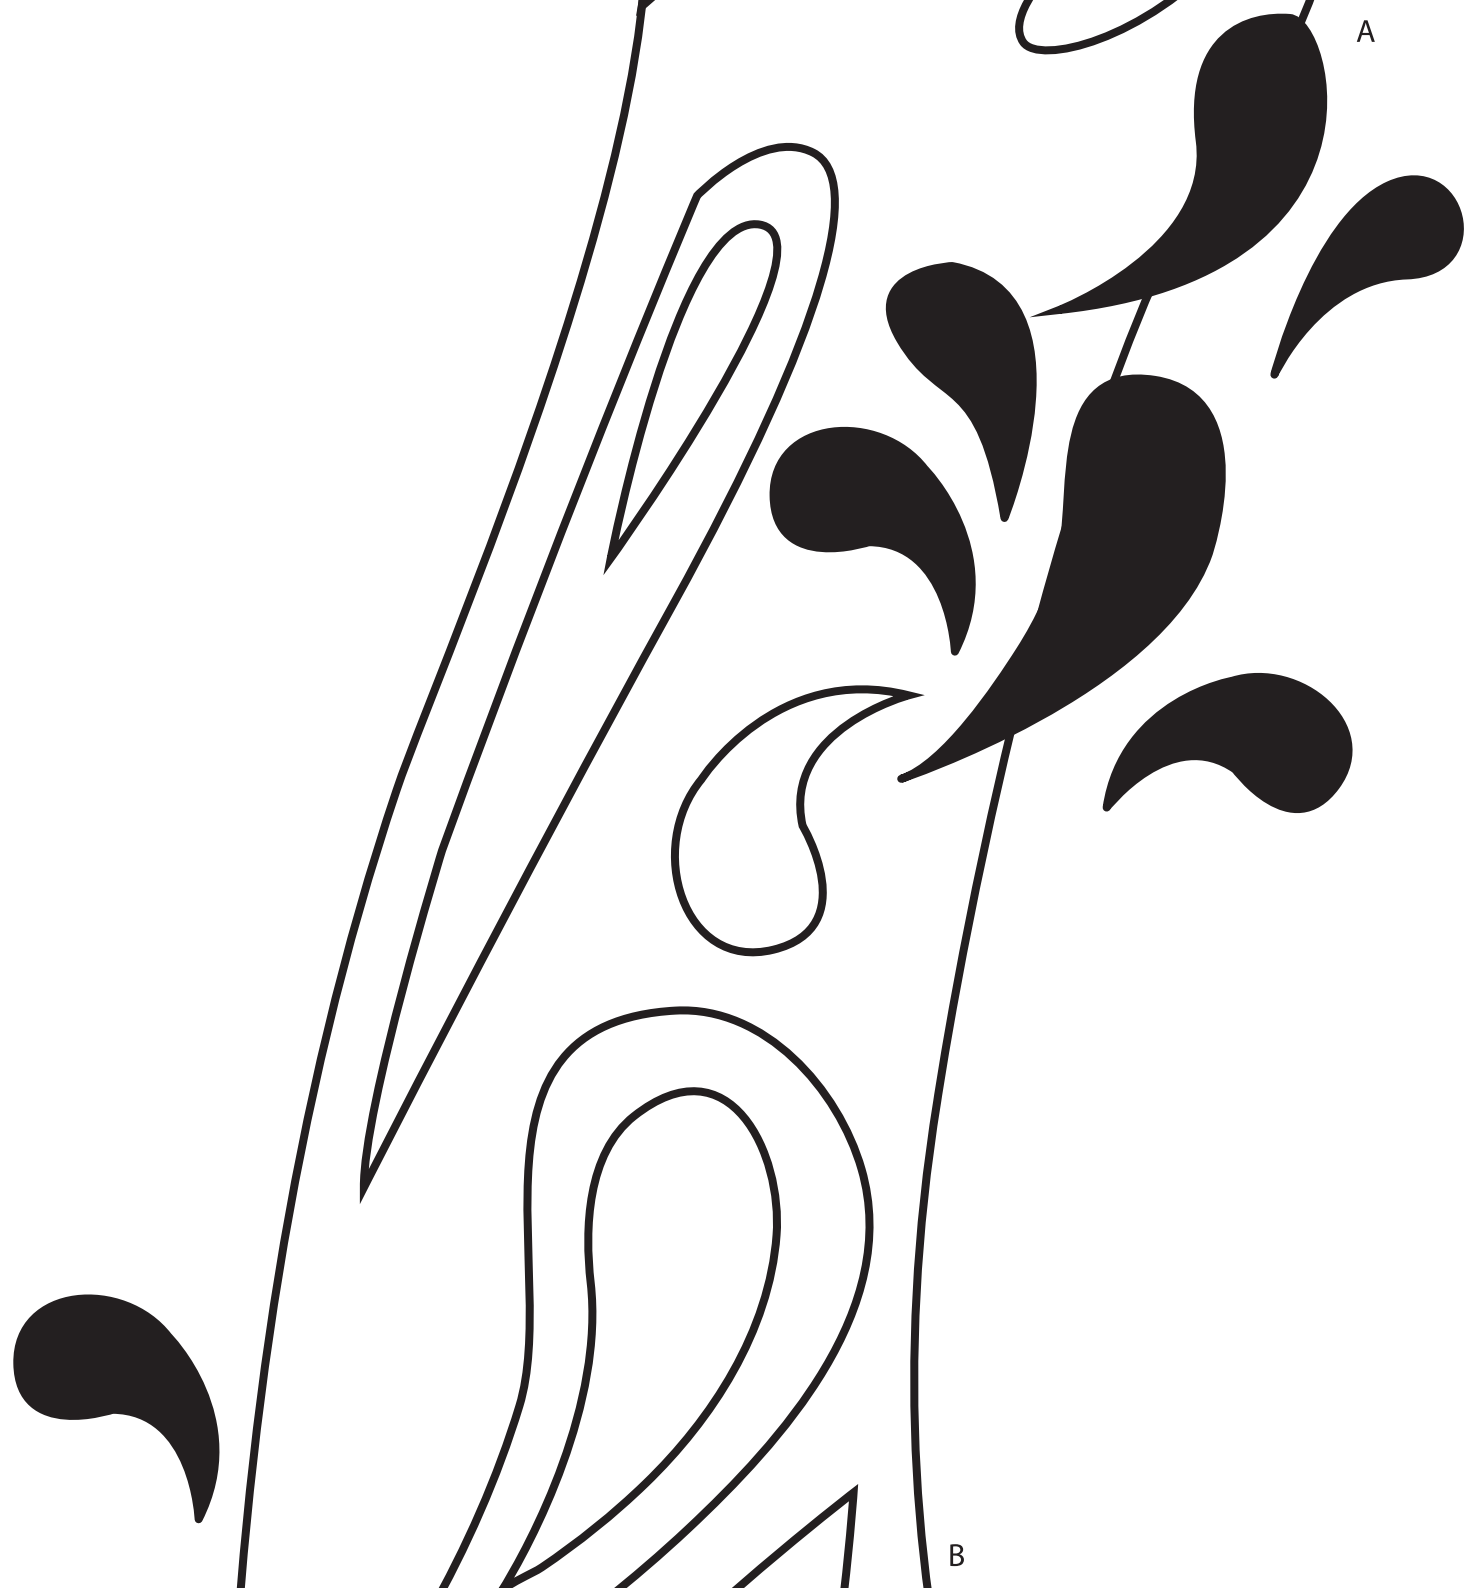

Step 4. Hang your artwork on the wall or bedroom door.
